GemThane Siding (Muskoka) Inc.
PO Box 1287, 1964 Muskoka Beach Road
Bracebridge, Ontario P1L1V4

Attention: District Sales Manager, Mr. Jean-Guy LaFleur

Dear Jean Guy,

This letter of appreciation acknowledges our complete satisfaction with the selection of GemThane wood siding and trim products for our commercial building renovation in Uptown Bracebridge, the heart of Muskoka.

We looked very carefully for the right exterior siding for our renovation since we wanted to portray "heritage Muskoka" on the Town's main street, as opposed to suburban strip mall. We were looking for a genuine wood siding that was long-lasting, complete with a selection of rich colours. We found it with GemThane, and quickly tasked our architect to specify your product (only).

The installation went very smoothly and the finished building continues to draw compliments from our tenants, their customers, and local residents. The excellent support we received from you during a cold-winter installation was especially appreciated. Our address at 193 Manitoba Street has now been transformed, and your product has added substantially to recapturing that 19th century heritage appearance.

Should you wish to offer our building as a reference or testimonial, please feel free to do so. We are satisfied GemThane customers.

With best regards,

Randall J. Cooper
President
